collection is a modern and holistic take to Make up artistry.

CP
TRENДИES

is a range based on looks, combinations and tools.

CP
TRENДИES

*philosophy is that a make up artist is only as good as her tools...
Michelangelo did not paint Sistine chapel with his fingers...
So here we go for the comparison: you are Michelangelo, your
face is the Sistine chapel and we are... Your tools!*

CP
TRENДИES

*combines that latest colors and fashion trends with great quality
materials without requiring you to break the bank! We believe
that beauty is individuality and that make up needs to adapt to
your style and not the other way around.*
